

The RIO Club Sponsors The BWA Fashion Show

The RIO Club once again sponsored the British Women's Association fashion show venue, which was held at the Shangri-La hotel Jakarta on 6th May 2017. The Club as usual donated IDR 60 million for the prize draw.

Pictured below are William Gray, the founder of the RIO Club, and **Johnny Ingemar Svedberg** the lucky winner of the RIO door prize draw.

In keeping with tradition as always RIO 50% of the draw prize will go to charity.

William commented:-

“The RIO Club is again proud to be able to continue with its Platinum Plus Sponsorship of the British Women’s Association events, the Fashion Show in particular. In my opinion these events are both always well organized, and well attended, which make them a perfect fit they align with RIO's agenda which is to support charity organizations. I prefer to focus on children's charities being an adopted child myself, and since the BWA has a leaning to children's charities it is a major reason why the Club maintains and hopes to continue its major sponsorship of BWA events sporting the raising of money for such worthy causes.
