

RIO Sponsors JSAS Burns Supper**RIO sponsors the St Andrew Burns Night Supper**

Having been a sponsor of the St Andrew Society for more than 20 years, RIO was proud to donate the door prize for the annual Burns Supper which raises a substantial amount of money for very worth causes.

The main prize was a total of £5000 sterling donated by RIO. One condition of this prize was that £2500 of this prize money should be donated to a charity of the winner's choice, the remainder of the prize money then went directly to the night's lucky winner!

RIO also donated bottles of single malt for each table at the event.

Above: A lucky winner receiving their prizes from RIO at the Burns Supper 2015 event.

The first lucky winner of the night, Vanessa (surname) who scooped the £5000 door prize was thrilled to have won; as you can read below in her own words.

I have chosen two local charities to split the money. The first is Kampung Kids. I believe this organisation has struggled financially recently and I think the work they do for local children is very important. This charity strives to provide healthy meals to children and also teach English.

The second charity is Yayasan Sayap Ibu Bintaro which is an orphanage which cares for children with disabilities. I have seen first hand the work they do here as I volunteer with the hydrotherapy program. The children here have a range of disabilities including physical and intellectual disabilities and all are well cared for and loved. This work is so important to allow these children to have quality of life.

Thanks again for the chance to help these very worthy organisations.

Regards,
Vanessa.
